Re: Airfield License for Chess-King Airpark

Dear Mr. King:

The Alabama Aeronautics Act of 1945 provides that no airport may be operated without a license from the Alabama Department of Aeronautics.

Your airport, ENE-WSW 2000' x 200' has been inspected and approved for a commercial license in accordance with the law.

Herewith we are attaching the airfield license for Chess-King Airpark, effective April 22, 1966. The license authorizes operation as a commercial field and will be in effect as long as the airport is maintained in a safe condition in accordance with Alabama Aeronautics Department requirements.

Please have the license posted in your office at the airport.

Sincerely,

  
Asa Rountree, Jr.

State Director of Aeronautics
